

Northumberland Older Person's Psychiatric Liaison Team

Personalised patient information

What is the Psychiatric Liaison Team?

The Psychiatric Liaison Team provides assessment of mental health, and treatment of any mental health problems, to people attending a general hospital. Although we are employed by the mental health trust and not the general hospital, we work very closely with the general hospital team.

Who are we?

We are mental health professionals: specialist medical doctors (called 'psychiatrists'), registered mental health nurses, clinical psychologists, other specialist mental health professionals, and administrative staff.

We are based at Wansbeck General Hospital and operate Monday – Friday, 9am – 5pm (excluding bank holidays).

The hospitals we cover are:

- Alnwick Infirmary
- Berwick Infirmary
- Blyth Community Hospital
- Haltwhistle War Memorial Hospital
- Hexham General Hospital
- Northumbria Specialist Emergency Care Hospital (NSECH)
- Wansbeck General Hospital

We have been asked to see you by your general hospital team, who remain the team responsible for your overall care.

During our involvement you may be asked to:

- Take part in your assessment, so that we can agree with you what needs you may have and how we might help them be met.
- Give permission to us to speak to others (for example, your family).
- Give permission for us to share information with others concerned with your care.

People who know you well, such as your family, can always speak to us; we will listen to them but will not normally share any information with them about you without your consent.

Interpreters

If you require an interpreter, please let your referrer know so that one can be arranged for you.

When you are seen we will always try to do the utmost possible to respect your privacy and dignity

- You can be seen in a private area, if one is available.
- You can choose whether or not a relative, friend or advocate accompanies you.
- We will encourage you to be involved in decisions about any treatment offered.

You may be offered:

- An appointment to see us again, in the near future.
- Information and a choice of possible interventions by agencies that will be able to support any plan agreed with you.

After the assessment:

- The plan is written in this leaflet; this may be called a **care plan** when it is in your medical notes.
- Relevant information you gave to the psychiatric liaison staff will be given to the hospital team looking after you.
- You have the right to receive copies of any letters written to your GP.
