### NORTHUMBERLAND, TYNE AND WEAR NHS FOUNDATION TRUST

### **BOARD OF DIRECTORS**

Meeting Date: 28 January 2015

**Title and Author of Paper:** Performance Report (Month 9). Lisa Quinn, Executive Director of Performance & Assurance

#### Paper for Debate, Decision or Information: Information

### Key Points to Note:

- Monitor Risk Assessment Framework Governance risk rating Green (lowest risk) and Continuity of Services Risk Rating of 4 (pages 3 & 4)
- NHS Outcomes Framework the dashboard is intended to bring together local and national data to allow NTW to benchmark and improve the quality of services we provide. Data reported is as at quarter 3 (page 5)
- Quality Dashboard at M9 the trust continues to have full compliance with all of the CQC essential outcomes of quality and safety (**page 6**). All CQUIN have been rated Green for M9 with the exception of Physical Health and CYPS Waiting Times due to the amount of effort required in both areas to achieve end of year targets.
- Serious Incidents there were 17 Serious Incidents reported in Month 9 which is an increase from 13 the previous month (page 6)
- Complaints there were 25 complaints received in Month 9 which is an decrease from 31 the previous month (page 6)
- Waiting Times a draft waiting times dashboard has been again been included within the report, including shadow contractual EIP and IAPT targets.
- Workforce Dashboard JDR/PDP rates are now at 80.7% and remain below the expected minimum of 90%. Sickness absence has increased to 7.22% in December 2014 from 6.38% the previous month (page 8)
- Finance Dashboard At Month 9, the Trust had a risk rating of 4 and a surplus before exceptional items of £6.9m which was £2.4m ahead of plan. It is also forecasting a year-end surplus before exceptional items of £3.7m which is £2.6m ahead of plan. However, the Trust is still facing some key financial pressures including forecast in-patient staffing overspends in Urgent Care (£3.0m) and overspends on medical staffing (£0.6m) as well as a forecast in-year shortfall on savings required from the Financial Delivery Programme (£1.7m). These pressures are currently being offset by non-recurring underspends (page 9)
- Contract performance dashboard summaries are provided for each contract highlighting any indicators which have not been achieved in Month 9 (pages 10-13)
- A summary of further performance related items that were considered by the Trust wide Quality and Performance committee on 21<sup>st</sup> January 2015 is provided (page 14)

Outcome required: for information only

#### Key Issues

•Overall Trust I&E forecast position is ahead of plan

•Significant pressures continue re in-patient staffing overspends. These are currently being offset by underspends in other areas. •Risk rating is a 4 at Mth09 •Cash position almost back in line with plan following completion of Northgate land sale.

## 9. Additional Items to be received by Trust wide Quality and Performance Committee

In addition to this performance report the following agenda items were considered by the Trust wide Quality and Performance Committee for Month 9/Quarter 3:

- CQUIN Update
- Quality Priority Update
- Patient and Carer Experience Report
- Incident Report
- Complaints Report
- Claims Report
- Infection Control Report
- Controlled Drugs Summary
- Monitor Return
- Patient Safety Group Update
- Workforce Performance Report
