Sunderland Psychiatric Liaison Service

Personalised patient information

The information contained in this booklet is important – please keep it safe.

What do the Psychiatric Liaison Team do?

The Psychiatric Liaison Team provides assessment of mental health, and treatment of any mental health problems, to people attending a general hospital. Although we are employed by the mental health trust and not the general hospital, we work very closely with the general hospital team.

Who are we?

We are mental health professionals: specialist medical doctors (called 'psychiatrists'), registered mental health nurses, clinical psychologists, other specialist mental health professionals, and administrative staff.

We are a 24 hour service based at Sunderland Royal Hospital. The hospitals we cover are:

- Sunderland Royal Hospital
- Sunderland Eye Infirmary
- ICAR (Intermediate Care and Rehabilitation – Houghton le Spring)
- St Benedict's Hospice

We have been asked to see you by your general hospital team, who remain the team responsible for your overall care.

During our involvement you may be asked to:

- Take part in your assessment, so that we can agree with you what needs you may have and how we might help them be met.
- Give permission to us to speak to others (for example, your family).
- Give permission for us to share information with others concerned with your care.

People who know you well, such as your family, can always speak to us; we will listen to them but will not normally share any information with them about you without your consent.

Interpreters

If you require an interpreter, please let your referrer know so that one can be arranged for you.

When you are seen we will always try to do the utmost possible to respect your privacy and dignity

- You can be seen in a private area, if one is available.
- You can choose whether or not a relative, friend or advocate accompanies you.
- We will encourage you to be involved in decisions about any treatment offered.

You may be offered:

- An appointment to see us again, in the near future.
- Information and a choice of possible interventions by agencies that will be able to support any plan agreed with you.

After the assessment:

- The plan is written in this leaflet; this may be called a **care plan** when it is in your medical notes.
- Relevant information you gave to the psychiatric liaison staff will be given to the hospital team looking after you.
- You have the right to receive copies of any letters written to your GP.

Consent and confidentiality

We will usually only see you if you have given your explicit consent. Similarly, you are free to opt out of seeing us at any time. Anything you say is treated in strictest confidence and will only be shared with other members of the team and with other people involved in your health care, such as your GP.

Members of the team work within professional Codes of Conduct and follow NHS Policies that ensure confidentiality is maintained at all times. The only exception to this would be if the Team believed that there was a significant risk you would seriously harm yourself or others, or information was obtained about possible harm to vulnerable people such as children.

If you have any concerns at all about confidentiality please speak to any member of the team.

What if I have a comment, suggestion, compliment or complaint about the service?

If you want to make a comment, suggestion, compliment or complaint you can:

- talk to the people directly involved in your care
- ask a member of staff for a feedback form, or complete a form on the Trust website www.cntw.nhs.uk/contact/complaints/
- telephone the Complaints Department Tel: 0191 245 6672
- email complaints@cntw.nhs.uk Please note that information sent to the Trust via email is sent at your own risk

We are always looking at ways to improve services. Your feedback allows us to monitor the quality of our services and act upon issues that you bring to our attention.

You can provide feedback in the following ways:

- the quickest way for you to do this is to complete our short online survey at www.cntw.nhs.uk/yourvoice Please use the team code **SSHL** when completing the survey.
- complete a Your Voice survey, available from staff.

You can also scan this QR code to access the Your Voice survey online. Sunderland Psychiatric Liaison Team code - **SSHL**

Patient Advice and Liaison Service (PALS)

PALS provide confidential advice and support, helping you to sort out any concerns that you may have about any aspect of your or your loved ones care. We act independently when handling patient and family concerns, liaising with staff, managers and, where appropriate, relevant organisations, to negotiate prompt solutions. If necessary, we can also refer patients and families to specific local or national-based support agencies.
