

Gateshead Psychiatric Liaison Team

Personalised patient information

The information contained in this booklet is important – please keep it safe.

What do the Psychiatric Liaison Team do?

The Psychiatric Liaison Team provides assessment of mental health, and treatment of any mental health problems, to people attending a general hospital. Although we are employed by the mental health trust and not the general hospital, we work very closely with the general hospital team. We aim to offer assessment within one hour of referrals from the emergency department and 24 hours for inpatient ward referrals.

Who are we?

We are mental health professionals: specialist medical doctors (called 'psychiatrists'), mental health nurses, other specialist mental health professionals, and administrative staff.

We are based at: **Tranwell Unit, Queen Elizabeth Hospital, Windy Nook Road, Gateshead, Tyne and Wear, NE10 9RW**

The hospital we cover is: **The Queen Elizabeth Hospital**

We have been asked to see you by your general hospital team, who remain the team responsible for your overall care.

During our involvement you may be asked to:

- Take part in your assessment, so that we can agree with you what needs you may have and how we might help them be met.
- Give permission to us to speak to others (for example, your family).
- Give permission for us to share information with others concerned with your care.

People who know you well, such as your family, can always speak to us; we will listen to them but will not normally share any information with them about you without your consent.

Interpreters

If you require an interpreter, please let your referrer know so that one can be arranged for you.

When you are seen we will always try to do the utmost possible to respect your privacy and dignity

- You can be seen in a private area, if one is available.
- You can choose whether or not a relative, friend or advocate accompanies you.
- We will encourage you to be involved in decisions about any treatment offered.

You may be offered:

- Information and a choice of possible interventions by agencies that will be able to support any plan agreed with you.

After the assessment:

- The plan is written in this leaflet; this may be called a **care plan** when it is in your medical notes.
- Relevant information you gave to the psychiatric liaison staff will be given to the hospital team looking after you.
- You have the right to receive copies of any letters written to your GP.

The Stress Bucket

We use the stress bucket to explain how everyday stress can build up and up and feels too much sometimes. When we reach the limit of the bucket, stress overflows. We try and cope the best ways we know how. We know that some people have more to manage in life and their buckets can often feel very full.

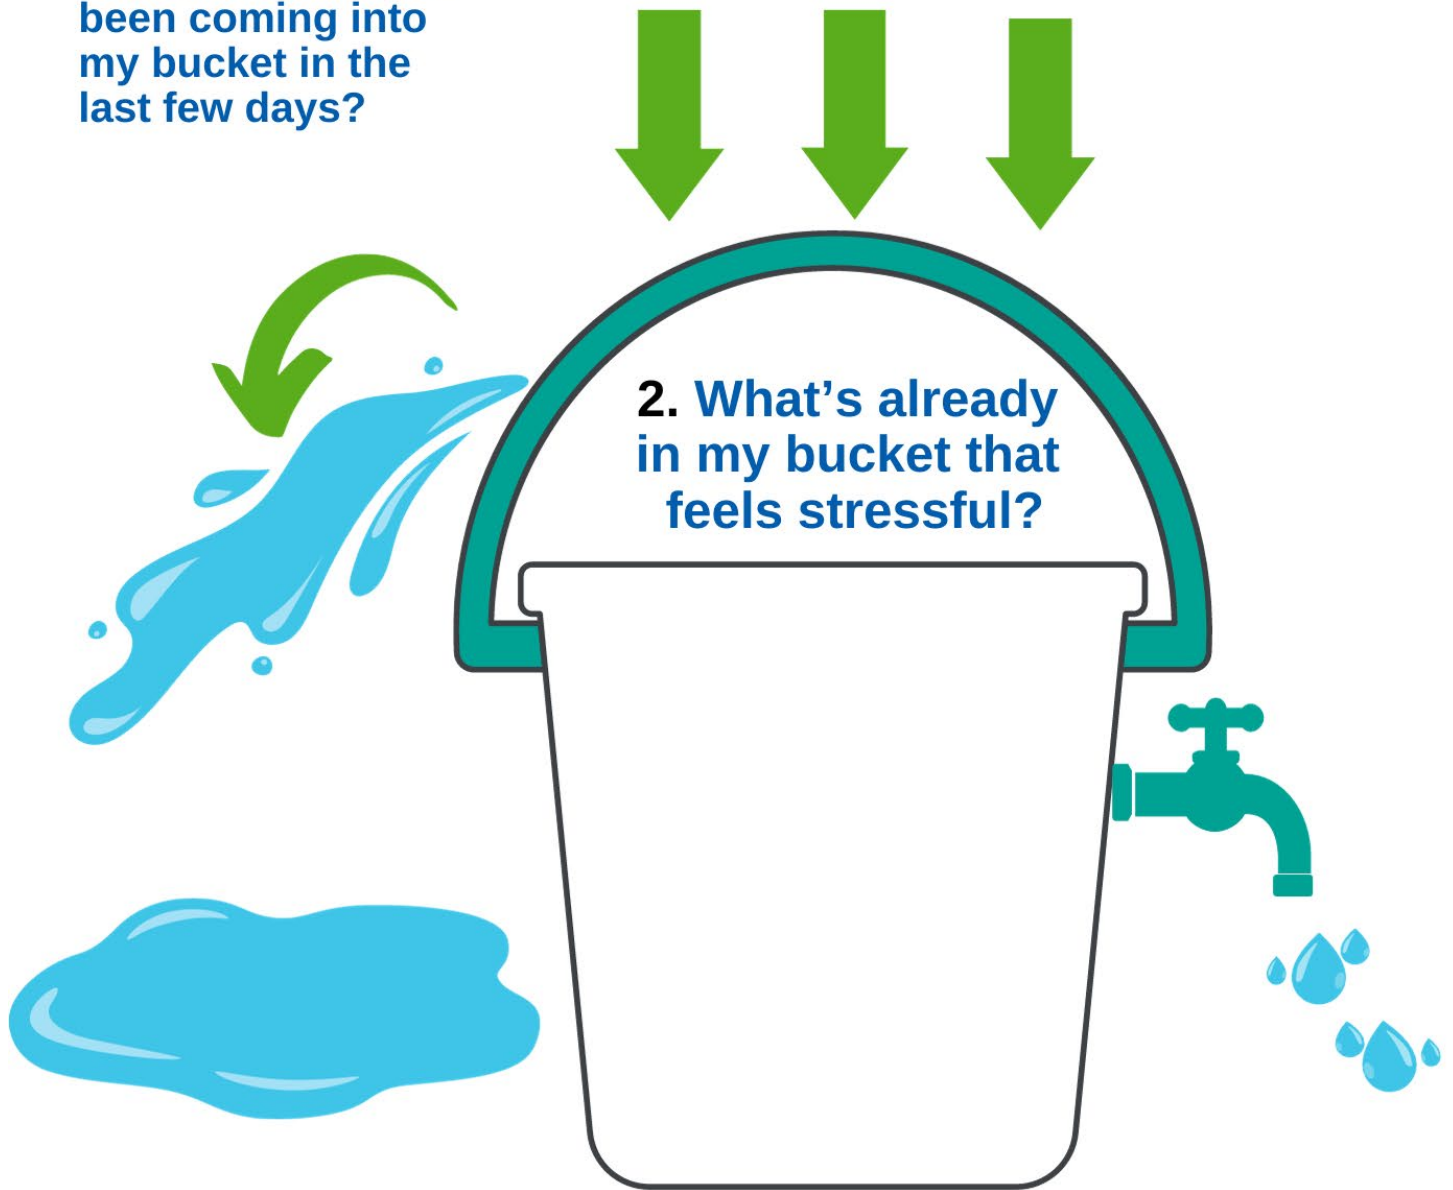

Different stressors drop into the bucket like water and fills it up.

The Stress Bucket by Braddan and Turkington (2002)

My Bucket

1. What stress has been coming into my bucket in the last few days?

2. What's already in my bucket that feels stressful?

3. What are my less helpful or harmful ways of coping?

4. What ways might help me cope better with my stress?

My safety plan

Thinking about what your stressors are and how they impact you can help you make plans to keep yourself safe in the future.

What are my triggers and warning signs that my stress/
distress is overflowing?

Getting through right now.

What will help me in the next few minutes and hours?

What do I need?

Making the situation safer.

Can I make the situation safer around me e.g., not having
more medication around than I need.

What lifts my mood?

What calms me down?

What distracts me?

Who are the people that support me?

Family/Friends

Professionals

Emergency Professional support.

Your plan of care which has been agreed upon is:

Professionals who I can contact:

- **Your GP**
- Community Mental Health Team
- Social Workers

If you want urgent advice from a mental health professional you can contact your local Initial Response/Crisis Team at any time, 24 hours a day every day of the year:

Call NHS 111 and select the mental health option.

You'll speak to a mental health professional who will listen and help you find the right support.

If you are Deaf or have communication difficulties, you can contact us in a crisis by:

- Texting 07860 064 775
- Using www.signvideo.co.uk/nhs111
- Contacting 18001 111 using the Relay UK app

The team **does not** provide an emergency service such as a 999 response.

Consent and confidentiality

We will usually only see you if you have given your explicit consent. Similarly, you are free to opt out of seeing us at any time. Anything you say is treated in strictest confidence and will only be shared with other members of the team and with other people involved in your health care, such as your GP.

Members of the team work within professional Codes of Conduct and follow NHS Policies that ensure confidentiality is maintained at all times. The only exception to this would be if the Team believed that there was a significant risk you would seriously harm yourself or others, or information was obtained about possible harm to vulnerable people such as children.

If you have any concerns at all about confidentiality please speak to any member of the team.

Patient and carer information

There is a range of patient and carer information on the Trust's website. This includes information on mental health and wellbeing, medicines, side-effects and how to manage them, and mental health act information leaflets in 28 languages:

Patient Advice and Liaison Service (PALS)

PALS provide confidential advice and support, helping you to sort out any concerns that you may have about any aspect of your or your loved ones care.

We act independently when handling patient and family concerns, liaising with staff, managers and, where appropriate, relevant organisations, to negotiate prompt solutions. If necessary, we can also refer patients and families to specific local or national-based support agencies.
